CONTENT

BIOMEDICAL MEASUREMENTS AND DEVICES

<i>Khoma Yu., Mykyychuk M., Stadnyk B., Frish S.</i> Methods and assets of biosignal measuring and computer processing.....	5
---	---

MEASUREMENT OF NON-ELECTRIC QUANTITIES

<i>Dudykevych V., Mykytyn G., Opirsky I., Pashuk O.</i> Computer monitoring of wind potential: conceptual approach, selection system of wind flow parameters.....	17
---	----

MEASURING TRANSDUCERS

<i>Boyko O., Holyaka R., Hotra Z.</i> Differential temperature sensor on the integrating signal converter basis.....	25
--	----

MEANS FOR MEASURING THE THERMAL QUANTITIES

<i>Mykytyn I., Lopatko O.</i> Water and air flows temperature prediction using neural network.....	37
<i>Melnyk H.</i> Inertity factors of microthermometers with thin capillaries.....	42

METROLOGY, QUALITY, STANDARDIZATION AND CERTIFICATION

<i>Sydorko I., Baitsar R.</i> Normative and metrological providing of clinical-diagnostic laboratories.....	49
<i>Yakovlev M., Arkushenko P., Ryzhov Ye.</i> Complex method of metrological examination of military communication technology.....	55
<i>Haponenko M., Lutsyk Ya.</i> Historical personality in the field of Galychyna metrology - professor, doctor J. K. Liesganig (1719-1799).....	64

MEASURING SYSTEMS

<i>Yatsuk V., Bubela I., Mykyychuk M., Pokhodylo Y.</i> Metrological reliability support of the dispersed measuring system.....	71
---	----

METROLOGY, QUALITY, STANDARDIZATION AND CERTIFICATION

<i>Kolodiy Z., Kruk O.</i> Ability of determining the potentially nonreliable elements of electronics.....	83
--	----
